**RE: DIGITAL GOVERNMENT AFRICA SUMMIT, LUSAKA, ZAMBIA, 4 -6
OCTOBER 2023**

On behalf of the Government of the Republic of Zambia, we are pleased to confirm official patronage and endorsement from the Zambian Ministry of Home Affairs & Internal Security and Ministry of Technology & Science for the Digital Government Africa (DGA) Summit 2023.

In Zambia the National Electronic Government Plan is a priority part of the digital transformation strategy to ensure reliable service provision to Zambian citizens.

The purpose of the DGA Summit is to bring governments from across Africa together with industry investors and leading solution providers to ensure a better understanding of digital systems and the technologies delivering fundamental change to our world. This is a meetings-based event allowing for public sector officials to have pre-scheduled meetings with those technology providers that can assist with the digital government, infrastructure, cloud services, digital ID, electronic procurement, tax online, information systems security, financial services and integrated management systems.

The hosting of Digital Government Africa 2023 is an officially cabinet-approved summit. As lead ministries, we are responsible for inviting counterparts from across sub-Saharan and as host country we are directing all our efforts to ensure the highest level of pan-African participation. Accordingly, we wish to deliver an outstanding, landmark summit and

demonstrate to the world our commitment to building digital capacity and human capital development.

Furthermore, with the support of our Ministry of Tourism we trust all delegates can take the time to explore the beauty of our good country. We look forward to welcoming you to Zambia.

Warmest regards

Hon. Jacob Jack Mwiimbu (MP)

Minister of Home Affairs & Internal Security

Hon. Felix Mutati (MP)

**Minister of Technology &
Science**
